

HARMAN KARDON® HKTS 5

Compact, 5.1-channel home theater speaker system with dual-driver center channel and 60-watt, powered subwoofer

Harman Kardon® HKTS 5

Introducing the Harman Kardon® HKTS 5, a 5.1-channel home theater speaker system. Ideal for smaller rooms or people who prefer compact speakers, this integrated system brings movies, TV, music and other entertainment alive with full-range, encompassing sonic performance. Standing as another striking testimony to the prowess of Harman Kardon engineers, the HKTS 5 5.1-channel system lets film lovers experience theater-quality playback in the comfort and convenience of their living rooms. The system's 60-watt subwoofer offers deep, authoritative bass that heightens the realism of any TV show or sports event, and its dome tweeters ensure spectacular high-frequency response. Designed to deliver unparalleled playback, this compact home theater system is your ticket to the enveloping, in-home cinematic experience of which dreams are made.

Highlights

- Four two-way satellite speakers with dome tweeters
- Voice-matched, dual-driver center speaker
- Powerful, 60-watt, down-firing subwoofer
- Complete 5.1-channel home theater surround-sound system
- Stunning, décor-complementing modern design
- Volume, crossover and phase controls for subwoofer
