

MAS 102

Compact, integrated music system

The Harman Kardon® MAS 102 compact music system will fill virtually any room with accurate, distortion-free sound, yet it'll fit comfortably on a bookshelf or tabletop. It features a 2 x 65-watt amplifier, slot-loaded CD player, drift-free FM and DAB tuners, and custom 130mm (5") bass-reflex speakers with 25mm (1") MMD® dome tweeters. With front and rear USB ports and no fewer than eight auxiliary audio inputs including phono MM, there are few audio sources it can't handle, and its classic good looks will be at home anywhere.

Features

Advantages

Benefits

Complete, integrated system

The performance of separate components in a space-saving design

Versatility, ease of use

Includes The Bridge IIIIP dock for iPod and iPhone

Navigate your iTunes music via the system remote, charge iPod/iPhone when docked

Versatility, ease of use

CD player

Plays MP3 and WMA CD-R and CD-RW discs, as well as standard CDs
